AMSTERDAM, February 23, 2022 - As a new company formed on January 17, 2021, Stellantis N.V. posted record results for 2021, accelerating the realization of merger synergies and building solid commercial performance, driven by a clear focus on speed of execution from day one. Stellantis also unveiled ambitious electrification and software plans in the year, with planned investments of more than €30 billion through 2025 and strong partnerships announced in battery technology, battery materials and software development.

"Today's record results prove that Stellantis is well positioned to deliver strong performance, even in the most uncertain market environments. I warmly thank all Stellantis employees across our regions, brands and functions for their contribution to building our new company powered by its diversity. I take this opportunity to also thank the management team for their relentless efforts as we faced and overcame intense headwinds. Together, we are focused on executing our plans as we race to become a sustainable mobility tech company."

Carlos Tavares, CEO

Basis of preparation: All reported data is unaudited. "2021" and "2020" represent results as reportable under IFRS. 2021 includes Legacy FCA from January 17, 2021, following the closure of the merger; "2021 Pro Forma" and "2020 Pro Forma" are presented as if the merger had occurred January 1, 2020. Refer to the section "Notes" for additional detail. Reference should be made to the section "Safe Harbor Statement" included elsewhere within this document.

During 2021, Stellantis launched more than 10 new models, including the Citroën C4, Fiat Pulse, DS 4, Jeep® Grand Cherokee, Wagoneer, Maserati MC20, Opel Mokka, Opel Rocks-e and Peugeot 308. The Company accelerated its low emission vehicles (LEV) commercial momentum leveraging the portfolio of 34 LEV models in market including hydrogen fuel cell medium vans. Global LEV sales reached 388,000 units, up 160 % year-on-year with a number one position for battery electric van sales in EU30. Stellantis confirmed its strong position in the global commercial vehicles market with leadership in both EU30 and South America markets and achieved its highest ever worldwide pickup sales with approximately 1 million vehicles sold.

In **North America**, the Jeep Wrangler 4xe was the bestselling plug-in hybrid electric vehicle in U.S. retail for 2021.

In **South America**, Stellantis was the market leader in 2021 with 22.9% share, and was also the leader in commercial vehicles with 30.9 % market share.

In **Enlarged Europe**, Stellantis was the EU30 market leader in commercial vehicles with 33.7% market share for 2021. The Peugeot 208 was the number one selling vehicle in the EU30 and the 2008 was number one in the EU30 B-SUV segment for 2021.

In **Middle East & Africa**, consolidated shipments were up 6%, while market share grew in most major markets year-on-year.

In **India & Asia Pacific**, the Company is preparing to launch the all-new Citroën C3, developed and produced in India.

In **China**, Dongfeng Peugeot Citroën Automobile Co. Ltd (DPCA), more than doubled its annual sales volume of 2020 with 100,000 units sold and Stellantis became the fourth largest Independent After Market (IAM) parts distributor in China with sales growth of approximately 30% year on year.

Maserati global market share grew to 2.4%, with North America and China market share at 2.9% and 2.7%, respectively, for 2021.

Stellantis also took important steps to strengthening its global financing operations in the U.S. with the creation of Stellantis Financial Services US Corp., as well as in Europe with enhanced financing partnerships with BNP Paribas Personal Finance, Crédit Agricole Consumer Finance and Santander Consumer Finance.

On February 23, 2022 at 2:00 p.m. CET / 8:00 a.m. EST, a live webcast and conference call will be held to present Stellantis Full Year 2021 Results. SEGMENT PERFORMANCE

In addition to the commentary provided below, all segments' shipments and results reflect the impacts of 2020 COVID-related temporary production suspensions and 2021 losses of ~20% of planned production due to unfilled semiconductor orders

NORTH AMERICA

€ million, except as otherwise stated	2021 Pro Forma ⁽¹⁾	2020 Pro Forma ⁽¹⁾	vs. 2020 Pro Forma
Shipments (000s)	1,820	1,852	(32)
Net revenues	69,736	60,633	+9,103
AOI	11,356	6,123	+5,233
AOI margin	16.3%	10.1%	+620 bps

- **Shipments** down 2%, mainly due to discontinuation of Dodge Grand Caravan and Journey in H2 2020, partially offset by 2021 Jeep and Wagoneer white-space launches, as well as higher Ram pickup volumes
- **Net revenues** up 15%, primarily due to favorable vehicle mix and strong net pricing, partially offset by unfavorable FX translation
- **Adjusted operating income** up 85%, with record 16.3% margin, driven by higher Net revenues

SOUTH AMERICA

€ million, except as otherwise stated	2021 Pro Forma ⁽¹⁾	2020 Pro Forma ⁽¹⁾	vs. 2020 Pro Forma

AOI	882	156	+726
AOI margin	8.3%	2.5%	+580 bps

- **Shipments** up 48%, primarily due to extended COVID interruptions in 2020 and strong demand for Fiat Strada and all-new Fiat Pulse, as well as mid-cycle refreshes of Fiat Toro and Jeep Compass
- **Net revenues** up 71%, mainly driven by higher volumes and strong net pricing, as well as favorable vehicle and market mix, partially offset by negative FX translation
- **Adjusted operating income** up 465%, due to higher Net revenues, more than offsetting increased raw materials costs and unfavorable FX impacts

ENLARGED EUROPE

€ million, except as otherwise stated	2021 Pro Forma ⁽¹⁾	2020 Pro Forma ⁽¹⁾	vs. 2020 Pro Forma

AOI	5,370	3,059	+2,311
AOI margin	9.1%	5.4%	+370 bps

- **Shipments** down 3%, with higher volumes of all-new Opel Mokka, Citroën C4 and Fiat New 500 more than offset by impact of unfilled semiconductor orders
- **Net revenues** up 5%, mainly due to favorable vehicle mix, primarily higher BEV and PHEV volumes, net pricing, as well as parts and services, partially offset by reduced new and used vehicle volumes
- **Adjusted operating income** up 76%, driven by increased Net revenues, purchasing and manufacturing efficiencies, as well as reduced compliance costs, more than offsetting higher raw materials costs

MIDDLE EAST & AFRICA

AOI	545	300	+245
AOI margin	10.5%	6.3%	+420 bps

- **Consolidated shipments** up 6%, primarily driven by all-new Citroën C4, Opel Mokka and Jeep Grand Cherokee L, as well as higher Peugeot 208 and Jeep Wrangler volumes
- **Net revenues** up 9%, mainly due to higher net pricing, including pricing actions for Turkish lira devaluation, and increased volumes, partially offset by negative FX translation
- **Adjusted operating income** up 82%, reflects higher Net revenues, partially offset by negative FX transaction effects

NOTES

(1) Completed merger of Peugeot S.A. ("PSA") with and into Fiat Chrysler Automobiles N.V. ("FCA") on January 16, 2021 ("Merger"). On January 17, 2021, combined company was renamed Stellantis N.V. ("Stellantis" or "Company"). PSA was determined to be the acquirer for accounting purposes, therefore, the historical financial statements of Stellantis represent the continuing operations of PSA, which also reflect the loss of control and the classification of Faurecia S.E. (Faurecia) as a discontinued operation as of January 1, 2021 with the restatement of comparative periods. Acquisition date of business combination was January 17, 2021, therefore, results of FCA for the period January 1 -16, 2021 are excluded from 2021 results unless otherwise stated. 2021 Pro Forma results are presented as if the merger had occurred on January 1, 2020 and include results of FCA for the period January 1 -16, 2021. H2 2020 and 2020 represent results of the continuing operations of PSA only and are not directly comparable to previously reported results of PSA and reflect accounting policies and reporting classifications of the Company. H2 2020 Pro Forma and 2020 Pro Forma results are presented as if the merger had occurred on January 1, 2020. The fair values assigned to the assets acquired and liabilities assumed have been finalized during the one-year measurement period from the acquisition date, as provided for by IFRS 3.

(2) Adjusted operating income/(loss) excludes from Net profit/(loss) from continuing operations adjustments comprising restructuring, impairments, asset write-offs, disposals of investments and unusual operating income/(expense) that are considered rare or discrete events and are infrequent in nature, as inclusion of such items is not considered to be indicative of the Company's ongoing operating performance, and also excludes Net financial expenses/(income), Tax expense/(benefit) and Share of the profit/(loss) of equity method investees.

Unusual operating income/(expense) are impacts from strategic decisions, as well as events considered rare or discrete and infrequent in nature, as inclusion of such items is not considered to be indicative of the Company's ongoing operating performance. Unusual operating income/(expense) includes, but may not be limited to: impacts from strategic decisions to rationalize Stellantis' core operations; facility-related costs stemming from Stellantis' plans to match production capacity and cost structure to market demand, and; convergence and integration costs directly related to significant acquisitions or mergers.

For the year ended December 31, 2021, Pro Forma Adjusted operating income includes the Adjusted operating income of FCA for the period January 1 - 16, 2021. For the year ended December 31, 2020, Pro Forma Adjusted operating income includes the Adjusted operating income result of FCA for the period January 1 - December 31, 2020. For the six months ended December 31, 2020, Pro Forma Adjusted operating income includes the Adjusted operating income result of FCA for the period July 1 - December 31, 2020.

(3) Industrial free cash flows is calculated as Cash flows from operating activities less: cash flows from operating activities from discontinued operations; cash flows from operating activities related to financial services, net of eliminations; investments in property, plant and equipment and intangible assets for industrial activities; contributions of equity to joint ventures and minor acquisitions of consolidated subsidiaries and equity method investments; adjusted for: net intercompany payments between continuing operations and discontinued operations; proceeds from disposal of assets and contributions to defined benefit pension plans, net of tax. For the year ended December 31, 2021, Pro Forma Industrial free cash flows includes the Industrial free cash flows of FCA for the period January 1 - 16, 2021. The timing of Industrial free cash flows may be affected by the timing of monetization of receivables and the payment of accounts payables, as well as changes in other components of working capital, which can vary from period to period due to, among other things, cash management initiatives and other factors, some of which may be outside of the Company's control.

(4) Combined shipments include shipments by the Company's consolidated subsidiaries and unconsolidated joint ventures, whereas Consolidated shipments only include shipments by the Company's consolidated subsidiaries.

(5) Source: IHS Global Insight, Wards, China Passenger Car Association and Company estimates.

(6) Industrial net financial position is calculated as Debt plus derivative financial liabilities related to industrial activities less cash and cash equivalents, financial securities that are considered liquid, current financial receivables from the Group or its jointly controlled financial services entities and derivative financial assets and collateral deposits; therefore, debt, cash and cash equivalents and other financial assets/liabilities pertaining to Stellantis' financial services entities are excluded from the computation of the Industrial net financial position. Industrial net financial position includes the Industrial net financial position classified as held for sale.

Market share information is derived from third-party industry sources (e.g. European Automobile Manufacturers Association (ACEA), Ward's Automotive, Associação Nacional dos Fabricantes de Veículos Automotores (ANFAVEA)) and internal information.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

This Unaudited Pro Forma Consolidated Financial Information has been prepared to give effect to completion of the merger of PSA and FCA to create Stellantis, which was completed on January 17, 2021, as if it had been completed on January 1, 2020. The Unaudited Pro Forma Consolidated Financial Information includes the unaudited pro forma consolidated income statement for years ended December 31, 2021 and 2020 and the related explanatory notes (the "Unaudited Pro Forma Consolidated Financial Information"). The Unaudited Pro Forma Consolidated Financial Information has been prepared for illustrative purposes only with the aim to provide comparative period income statement information, and does not necessarily represent what the actual results of operations would have been had the merger been completed on January 1, 2020. Additionally, the Unaudited Pro Forma Consolidated Financial Information does not attempt to represent, or be an indication of, the future results of operations or cash flows of Stellantis. No pro forma statement of financial position has been presented as the effects of the merger have been reflected in the Consolidated Statement of Financial Position of Stellantis as of December 31, 2021.

The Unaudited Pro Forma Consolidated Financial Information presented herein is derived from (i) the Consolidated Income Statement of Stellantis for the years ended December 31, 2021 and 2020, (ii) FCA's Consolidated Income Statement for the year ended December 31, 2020, contained in FCA's Annual Report on Form 20-F filed with the SEC on March 4, 2020, (iii) the consolidated statement of income included in the audited consolidated financial statements of PSA for the year ended December 31, 2020 in the Consolidated Financial Statements and Management's Discussion and Analysis of Groupe PSA on Form 6-K, furnished to the SEC on March 4, 2021, and (iv) FCA's accounting records for the period from January 1, 2021 to January 16, 2021. The Unaudited Pro Forma Consolidated Financial Information should be read in conjunction with the historical consolidated financial statements referenced above and the accompanying notes thereto.

The consolidated financial statements of Stellantis, PSA and FCA are prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and in accordance with IFRS as adopted by the European Union. There is no effect on the consolidated financial statements resulting from differences between IFRS as issued by the IASB and IFRS as adopted by the European Union. The Unaudited Pro Forma Consolidated Financial Information is prepared on a basis that is consistent with the accounting policies used in the preparation of the Consolidated Financial Statements of Stellantis as of and for year ended December 31, 2021 and 2020.

The historical consolidated financial information has been adjusted in the accompanying Unaudited Pro Forma Consolidated Financial Information to give effect to unaudited pro forma events that are directly attributable to the merger and factually supportable. Specifically, the pro forma adjustments relate to the following:

- The purchase price allocation, primarily to reflect adjustments to depreciation and amortization associated with the acquired property, plant and equipment and intangible assets with a finite useful life, as well as a reduction in the interest expense related to the fair value adjustment to financial liabilities.
- The alignment of accounting policies of FCA to those applied by Stellantis.
- The elimination of intercompany transactions between FCA and PSA.

The pro forma adjustments relate to the two periods from January 1, 2020 to December 31, 2020 and from January 1, 2021 to January 16, 2021.

The Unaudited Pro Forma Consolidated Financial Information does not reflect any anticipated synergies, operating efficiencies or cost savings that may be achieved, or any integration costs that may be incurred, following the completion of the merger.

NOTES TO UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

Note 1 – Stellantis

This column represents the Consolidated Income Statement of Stellantis for the year ended December 31, 2021 and the PSA Historical Consolidated Income Statement (as adjusted) for the year ended December 31, 2020, which is derived from the historical consolidated statement of income of PSA for the year ended December 31, 2020.

In accordance with IFRS 3, PSA was determined to be the acquirer for accounting purposes, therefore, the year ended December 31, 2020 represents the continuing operations of PSA.

Note 2 – FCA Historical

This column represents FCA's results for the period from January 1, 2021 to January 16, 2021, as derived from FCA's accounting records as well as the FCA consolidated income statement included in FCA's audited consolidated financial statements for the year ended December 31, 2020. In order to conform to the presentation of Stellantis in its Consolidated Income Statement for the years ended December 31, 2021 and 2020, Results from investments related to equity method investments are reclassified to Share of the profit of equity method investees, and Results from Investments other than equity method investments are reclassified to Net financial expenses.

Note 3 – Purchase Price Allocation

As noted in the introduction to this Unaudited Pro Forma Consolidated Financial Information, the merger has been accounted for using the acquisition method of accounting in accordance with IFRS 3, with PSA identified as the accounting acquirer (reverse acquisition accounting). The acquisition method of accounting under IFRS 3 applies the fair value concepts defined in IFRS 13 and requires, among other things, that the assets acquired and the liabilities assumed in a business combination be recognized by the acquirer at their fair values as of the merger date, which for accounting purposes was January 17, 2021. As a result, the acquisition method of accounting has been applied and the assets and liabilities of FCA have been recognized at the merger acquisition date at their respective fair values, with limited exceptions as permitted by IFRS 3. The excess of the consideration transferred over the fair value of FCA's assets acquired and liabilities assumed has been recorded as goodwill.

The Unaudited Pro Forma Consolidated Financial Information reflects the effects of the purchase accounting adjustments, where applicable, on the unaudited pro forma consolidated income statement for the years ended December 31, 2021 and 2020 as if the merger had occurred on January 1, 2020.

The following tables provide a summary of the pro forma effects of the purchase price allocation adjustments in the unaudited pro forma consolidated income statement for the years ended December 31, 2021 and 2020.

The pro forma adjustments are described in further detail below.

A. Intangible assets

The fair value of brands (Jeep, Ram, Dodge, Fiat, Maserati, Alfa Romeo and Mopar) was determined through an income approach based on the relief from royalty method, which requires an estimate of future expected cash flows. The useful life associated with the brands is determined to be indefinite. For capitalized development expenditures, the fair value has been assessed according to a multi-criteria approach based on relief from royalty method and an excess-earning method. The fair value for the Dealer network has been assessed using the replacement cost method. The fair value of reacquired rights has been valued based on the discounted cash flows expected from the related agreement.

Amortization of intangible assets has been calculated on the fair value taking into account the estimated remaining useful life of the acquired assets. The related change in amortization as a result of the fair value adjustment to intangible assets was a net decrease in amortization expense of €40 million and €964 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, of which €40 million and €960 million has been recorded within Research and development costs in relation to capitalized research and development costs and other intangible assets, respectively, and €8 million has been recorded within Selling, general and other costs in relation to the dealer network and (4) million has been recorded within Cost of revenues in relation to reacquired rights for the year ended December 31, 2020.

B. Property, plant and equipment

The fair value of property, plant and equipment was determined primarily through the replacement cost method, which requires an estimation of the physical, functional and economic obsolescence of the related assets. A market approach, which requires the comparison of the subject assets to transactions involving comparable assets, was applied to determine the fair value of land. The fair value of certain assets was determined through an income approach.

Depreciation has been calculated on the fair value taking into account the estimated remaining useful life of the acquired assets. The related change in depreciation as a result of the fair value adjustment to property, plant and equipment was a decrease in depreciation expense of €47 million and €1,136 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, of which €45 million and €1,092 million has been recorded within Cost of revenues and €2 million and €44 million has been recorded within Selling, general and other costs in the Unaudited Pro Forma Consolidated Financial Information.

C. Financial liabilities

Purchase price adjustments were recognized to step up to fair value the financial liabilities based on quoted market prices for listed debt and based on discounted cash flow models for debt that is not listed. The fair value adjustments to financial liabilities resulted in a decrease in interest expense due to the decrease of the effective interest rate based on current market conditions, of €21 million and €462 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, and has been recorded within Net financial income (expense) in the Unaudited Pro Forma Consolidated Financial Information.

D. Other

Primarily reflects:

- the recognition of additional revenue of €2 million and €54 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, as a result of a step up to fair value of deferred revenue relating to extended warranty service contracts, as well as additional finance costs of €4 million and €93 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, due to the recognition of the fair value adjustments of the related liabilities.

- the reversal of the impact on cost of revenues of €7 million and €232 million for the period January 1 to January 16, 2021 and for the year ended December 31, 2020, respectively, of certain prepaid assets that were written off as part of the purchase price allocation.

The step up in the value of inventories has not been recognized as a pro forma adjustment as this impact has been recognized in Stellantis results for the year ended December 31, 2021.

E. Tax expense

Represents the tax effects on the pro forma adjustments reflected in the unaudited pro forma consolidated income statement, calculated based on statutory tax rates applicable in the relevant jurisdictions.

Note 4 – Other Adjustments

Other adjustments mainly include the following:

- the elimination of the intercompany transactions with Sevel in the Stellantis Consolidated Income Statement for the year ended December 31, 2020 of €534 million. Sevel is a joint operation that was previously owned 50 percent each by both PSA and FCA. Upon completion of the merger, Stellantis holds 100 percent of Sevel, which is fully consolidated from that date;
- The alignment of FCA's accounting policies to Stellantis accounting policies resulting in a net decrease in Net profit of €100 million for the year ended December 31, 2020, primarily relating to an increase in Research and development expenditures expensed.
- the alignment of the classification of certain items to align to Stellantis' income statement presentation.

Note 5 - Pro Forma Earnings per Share

Pro Forma basic earnings per share is calculated by dividing the Pro Forma Net profit from continuing operations attributable to the owners of the parent by the Pro Forma weighted average number of shares outstanding, as adjusted for the merger.

Pro Forma diluted earnings per share is calculated by adjusting the historical diluted weighted average number of shares outstanding with the Pro Forma weighted average number of dilutive shares outstanding, as adjusted for the merger.

Regarding the Pro Forma basic and diluted earnings per share from continuing operations for the year ended December 31, 2020:

- (i) Pro forma weighted average number of outstanding Stellantis common shares for the year ended December 31, 2020 includes PSA weighted average number of outstanding common shares for the year ended December 31, 2020 converted with the merger exchange ratio of 1.742 and Stellantis common shares issued at the merger date;
